WORKING PAPERS

Tracking the Hidden Forces Behind Laos' 2022 Exchange Rate Crisis and Balance of Payments Instability (with Rolando Gonzales Martinez). arXiv:2503.13308 [econ.EM], March 2025. Uses a dynamic factor model to identify the latent drivers of the kip's depreciation and Laos' balance-of-payments instability.

Enhancing Poverty Targeting with Spatial Machine Learning: An Application to Indonesia (with Rolando Gonzales Martinez). arXiv:2503.04300 [econ.EM], March 2025; also on SSRN. Adds spatial contiguity to proxy means testing using DTKS household data (2016–21); cuts exclusion errors from 28 to 20 per cent relative to standard machine learning models.
